RETURN RECEIPT REQUESTED

Honorable Darrell Lende
City of Bejou
542 Main Street
Bejou, MN 56516

Re: Notice of Violation
City of Bejou Wastewater Treatment Facility
NPDES Permit #MN-0064688-4

Dear Mayor Lende:

The U.S. Environmental Protection Agency is issuing this Notice of Violation (NOV) to the City of Bejou, to address ongoing violations of the Clean Water Act at the City of Bejou Wastewater Treatment Facility (facility). The city is required to submit quarterly discharge monitoring reports (DMRs) in accordance with its National Pollutant Discharge Elimination System (NPDES) permit for the facility. EPA reviewed the DMR records for the facility and identified six missing quarterly DMR reports, including 361 overdue reporting violations, since January 31, 2015. The violations are summarized in Attachment 1.

EPA recently published the NPDES Electronic Reporting Rule. The rule requires NPDES regulated entities to report information electronically, instead of filing written paper reports. The federal requirements for electronic reporting require that permit holders cease submitting paper DMRs and begin reporting electronically starting on December 21, 2016. If you have been submitting your DMRs on a quarterly basis, you must report the October-December DMRs electronically by January 21, 2017. The last paper version EPA will accept is the November 2016 DMR, unless you receive a waiver.

The tool to submit DMRs and related attachments is called NetDMR. Our records indicate that you are not yet submitting your DMRs using NetDMR. This web-based tool communicates securely, requiring passwords and known responses to security questions. In addition, it is designed to provide your electronic submittals with the same level of legal dependability as paper submittals. For additional information on NetDMR, visit <https://netdmr.epa.gov/netdmr/public/home.htm>.

Please submit all overdue DMRs, covering the period of January 2015 to the present, within 30 days of receipt of this NOV. If you or your staff would like additional information on NetDMR, or the opportunity to present information on the specific findings of violation, the efforts you have taken to comply, and the steps you will take to prevent future violations, please contact Dean Maraldo of my staff at (312) 353-2098, or maraldo.dean@epa.gov.

Sincerely,

Christopher Korleski
Director, Water Division
